Satin brass finish

Project Details

The complex has investment capital of VNĐ5 trillion and covers an area of 200ha. It is located in Bình Dương Commune, Thăng Bình District, in the central province of Quảng Nam.

Vinpearl South Hội An will include hotels, Vinpearl villas, Vinpearl Golf sports centre and Vinpearl Land amusement park, as well as shopping zones and VinEco hi-tech agriculture area.

The project is divided into two phases. The first phase is expected to be finished on March 3, 2018, with the completion of hotels, villas, convention centre, restaurants and hi-tech agriculture zone. The second period is estimated to cover infrastructure, amusement park and sports centre by 2019

Solution

Mechanical hardware included hinge, mortise lock, cylinder, key in lever and accessories in PVD Satin brass finish.
